

Document Title: Test Report

This is a simple test document used to verify PDF text extraction. It contains multiple sentences with varying vocabulary. The extraction pipeline should capture every word with correct reading order.

Second paragraph with additional content. Numbers like 42, 3.14, and 1000000 should be preserved exactly. Special characters: parentheses (test), brackets [test], and currency symbols like 100.50 EUR.

French text: Les dispositions de l'article L.225-35 du code de commerce imposent au conseil d'administration de se saisir de toute question intéressant la bonne marche de la société.
